

SLIDING SHOWER ENCLOSURE

ZT / SERIE 7000

WHERE TO BUY

© Copyright 2024 Vismaravetro srl

Sliding shower enclosure for rounded shower trays (R=55 cm) The fixed glass parts are inserted into profiles with self-locking seals, guaranteeing an absolute overall stability and excellent water resistance, without use of silicone for bonding and sealing components. The perfect sliding of the doors is guaranteed by rollers with ball bearings. It also suitable for asymmetric shower trays. R=55 cm

Serie 7000 is a collection of shower enclosures with sliding shower doors which embodies the essence of our experience developed over years of designing and making shower enclosures. The doors slide thanks to a ball bearing slider system, fixed to the glass and supported by a reduced size profile, yet still big enough to support the door without bending or sinking from the weight of the door itself. Serie 7000 is a complete system that can be adapted to a wide range of measurements and used for recessed, corner or wall solutions.

Design Centro Progetti Vismara

DIMENSIONS

L: Min 78 - Max 101 cm
H standard: 195 cm

PLUS

BALL BEARINGS, FIXED DIRECTLY TO THE GLASS, WITH FLAT SCREWS.

STOPPERS

VERTICAL ADJUSTMENT OF THE DOOR

PRODUCT WITH CE MARKING

Product conforming to EN14428:2015 with CE marking

THIS MODEL IS PRODUCED WITHOUT SILICON

TPA TREATMENT PREVENTING LIMESCALE

Vismaravetro uses a innovative technology "TPA" for protecting the glass surfaces of shower enclosures. The glass surface is treated with a polymer which limits the adhesive properties of residues such as limescale, grease and soap deposits. The TPA treatment helps with the cleaning and removal of the lime scale deposits and residues from the glass.

AVAILABLE WITH BLACK RUBBER SEALS (PROFILES 09 AND 39)

Products realized with Matt Black (09) or Metal Gun (39) finishes are equipped with black rubber seals

COMPONENTS

ZT

SHOWER ENCLOSURES WITH SLIDING DOORS
FOR ROUND TRAYS (R. 55 CM)

CHARACTERISTICS

- Extensible 3 cm each side.
- Magnetic strips
- Vertical adjustment of doors
- Ball bearings
- Stoppers
- Product with CE marking
- Horizontal and vertical adjustment, after installation accomplished

MATERIALS

- Tempered safety glass 6 mm.
- Anodised or enamelled aluminium profile.
