

PIVOT ROUND SHOWER ENCLOSURE

LTX 100 / LINEA

WHERE TO BUY

© Copyright 2024 Vismaravetro srl

Frameless shower enclosure for rounded tray (R.55 cm) with two 180° pivot doors. The standard height of the complete programme is 195 cm, so to propose Linea as natural component of the new generation of shower trays, partially or totally built in.

Featuring a pivot shower door system, Linea is an extremely versatile project. Thanks to its reduced size profiles and minimalist design, Linea can be used with countless combinations: recessed, corners, walls, with one or two doors, in-line fixed glass or above a low wall. This truly flexible type can be adapted to any situation. In the In-Out version, just one door helps mark out the wet area and create an area in front of the shower, so you can get dried and dressed at a more comfortable temperature.

Design Centro Progetti Vismara

DIMENSIONS

L: Min 98 - Max 100 cm
H standard: 159 cm

PLUS

MAGNETIC STRIPS

The doors closing is guaranteed by the magnetic strips. The perfect adhesion of the magnetic elements offers the best waterproof.

S.M.F. (EASILY MOUNTING SYSTEM)

It is a patented system combined to an innovative extensibility solution thus allowing an ideal panel positioning and at the same time avoiding the water leak.

CERTIFIED PRODUCT

Product conforming to EN 14428:2018 with CE marking. Vismaravetro shower enclosures are manufactured in conformity with the European standards.

PRODUCT WITH CE MARKING

Product conforming to EN14428:2015 with CE marking

TPA TREATMENT PREVENTING LIMESCALE

Vismaravetro uses a innovative technology "TPA" for protecting the glass surfaces of shower enclosures. The glass surface is treated with a polymer which limits the adhesive properties of residues such as limescale, grease and soap deposits. The TPA treatment helps with the cleaning and removal of the lime scale deposits and residues from the glass.

COMPONENTS

LTX 100

FRAMELESS SHOWER ENCLOSURE WITH TWO
PIVOT DOORS (180°) FOR ROUND TRAYS
(RADIUS CM 55)
