Corner shower enclosure with a fixed panel integrating a practical pull-out compartment with 5 shelves and mirrored surfaces, in order to optimize the space in the bathroom.

Twin is the first and only collection of shower enclosures that offers more opportunities to optimise the use of your bathroom, meeting new requirements for functionality and convenience linked to the availability of space. There is a real compartment next to the shower enclosure, so you can store items or household appliances. It is also perfect from an aesthetic point of view, thanks to the full-length mirror on the second compartment door. The "Twin Mini" version features a handy removable compartment with 5 useful shelves to the side of the shower enclosure.

TPA TREATMENT PREVENTING LIMESCALE

Vismaravetro uses a innovative technology "TPA" for protecting the glass surfaces of shower enclosures. The glass surface is treated with a polymer which limits the adhesive properties of residues such as limescale, grease and soap deposits. The TPA treatment helps with the cleaning and removal of the lime scale deposits and residues from the glass.
