

FOLDING SHOWER ENCLOSURE

RN+RV / REPLAY

WHERE TO BUY

© Copyright 2024 Vismaravetro srl

Frameless shower enclosure with folding door. The element RV is the solution for the quick disassembling door Replay when the shower tray is placed next to a bath tub or a small wall.

Replay is a shower enclosure system featuring a door that folds inwards, but which can also be opened outwards if needs be, both for safety reasons (anti-panic opening) and for easier cleaning. It is the only shower enclosure with this feature on the market. It can be used for recessed or corner shower enclosures, including large ones.

PLUS

MAGNETIC STRIPS

The doors closing is guaranteed by the magnetic strips. The perfect adhesion of the magnetic elements offers the best waterproof.

S.M.F. (EASILY MOUNTING SYSTEM)

It is a patented system combined to an innovative extensibility solution thus allowing an ideal panel positioning and at the same time avoiding the water leak.

THE DOOR CAN BE QUICKLY UNCOUPLED AND OPENED OUTWARDS

The door can be quickly uncoupled and opened outwards to permit an easy cleaning on the inside surfaces of the shower enclosure.

CUSTOM MADE (CM BY CM)

Vismaravetro's shower enclosures can be customized, cm by cm. to better satisfy all the needs of any architectural situation

FOLDING PANELS

PRODUCT WITH CE MARKING

Product conforming to EN14428:2015 with CE marking

GUIDED MOVEMENT OF THE DOORS

The doors are guided in their movement by a mobile pivot sliding inside the upper profile. A special plastic fuse allows a smooth and silent and precise movement, without the use of lubricants

TPA TREATMENT PREVENTING LIMESCALE

Vismaravetro uses an innovative technology "TPA" for protecting the glass surfaces of shower enclosures. The glass surface is treated with a polymer which limits the adhesive properties of residues such as limescale, grease and soap deposits. The TPA treatment helps with the cleaning and removal of the lime scale deposits and residues from the glass.

EXCLUSIVE PATENTED SOLUTION

The collection Replay is technically advanced. Two patents guarantee the uniqueness of the proposed solutions, making easy the installation for safe and efficient use of the product

AVAILABLE WITH BLACK RUBBER SEALS
(PROFILES 09 AND 39)
