

PIVOT SHOWER ENCLOSURE

IN 2 / LINEA

WHERE TO BUY

© Copyright 2024 Vismaravetro srl

Corner shower enclosure made by an undressing area and a wet area, separated by a 180° pivot door. The model In-Out has changed the concept of shower space, which is not only a shower area but as a personal wellness place. In-Out has a space dedicated to undressing, drying, dressing with the maximum comfort.

Featuring a pivot shower door system, Linea is an extremely versatile project. Thanks to its reduced size profiles and minimalist design, Linea can be used with countless combinations: recessed, corners, walls, with one or two doors, in-line fixed glass or above a low wall. This truly flexible type can be adapted to any situation. In the In-Out version, just one door helps mark out the wet area and create an area in front of the shower, so you can get dried and dressed at a more comfortable temperature.

Design Fulvio De Nitto e Centro Progetti Vismara – Concept J.P.Touya

DIMENSIONS

L: Min 158 - Max 161 cm
P: Min 74 - Max 75 cm
H: Min 195 - Max 215 cm
H standard: 195 cm

PLUS

S.M.F. (EASILY MOUNTING SYSTEM)

It is a patented system combined to an innovative extensibility solution thus allowing an ideal panel positioning and at the same time avoiding the water leak.

CERTIFIED PRODUCT

Product conforming to EN 14428:2018 with CE marking. Vismaravetro shower enclosures are manufactured in conformity with the European standards.

PRODUCT WITH CE MARKING

Product conforming to EN14428:2015 with CE marking

MAGNETIC STRIPS

The doors closing is guaranteed by the magnetic strips. The perfect adhesion of the magnetic elements offers the best waterproof.

TPA TREATMENT PREVENTING LIMESCALE

Vismaravetro uses a innovative technology "TPA" for protecting the glass surfaces of shower enclosures. The glass surface is treated with a polymer which limits the adhesive properties of residues such as limescale, grease and soap deposits. The TPA treatment helps with the cleaning and removal of the lime scale deposits and residues from the glass.

COMPONENTS

IN 2

CORNER SHOWER ENCLOSURE WITH AN AREA TO CHANGE AND A SHOWERING SPACE. THE DOOR (180°) SEPARATES THE ANTEROOM FROM THE WET AREA.

CHARACTERISTICS

- Extensible 20 mm the long side and 10 mm the short side.
